

"MOT"

This package consists of an assessment and a hands on treatment (usually £60 & £50 respectively) plus a report for your vet.

#1 - ASSESSMENT (allow 60-90 minutes)

Postural analysis

Gait analysis

Comfort scale

Passive & active range of motion assessment

Weight-bearing & proprioception tests

#2 - HANDS ON TREATMENT (allow 60 minutes)

Palpation to assess for areas of tension, heat or cold followed by a combination of massage, myofascial release, passive stretches and Photizo red light therapy.

Assessments and treatments take place in my dedicated treatment room just off the A21 on the Kent/Sussex border (Flimwell). Vet consent is required, this is not usually an issue if the vet has seen the dog relatively recently.

If you would like to book, please contact me via email zencaninetherapy@gmail.com or Whatsapp 07900 697383. If you would like to find out a bit more first you can request a no obligation chat via my website – www.zencaninetherapy.com
